\* Rates valid for new residential customers only. Prices remain valid through at least March 1, 2019, but may be valid longer if confirmed by a VTel representative. Requires a 2-year commitment. Prices do not include regulatory surcharges, RSB fees and applicable taxes and fees. Canceling service before the 2-year commitment is up subjects the subscriber to a \$25/month fee for every month that would have remained in the term billed in one lump sum. Returning VTel-owned equipment is the sole responsibility of the customer. Limitations apply; please see [www.vermontel.com/terms](http://www.vermontel.com/terms) for additional terms and conditions. HD channels require HD capable television sets. Additional Set-Top Boxes \$6.95/month for all packages and have full DVR provided that the first set-top box is a DVR. VTel GigE services over fiber are similar to most cable and wireless technologies in that they rely on home batteries during power failures; the first battery is free; backup replacement batteries are solely customer responsibility. \*\*See Mini-Pack prices and lineups at [www.vermontel.com/select-mini-packs](http://www.vermontel.com/select-mini-packs). <sup>^</sup>1gbps is the maximum throughput, and may be limited by certain factors, such as customer firewalls or older customer equipment. <sup>^^</sup>All VTel "unlimited" voice, Internet, data, and other services are subject to limits, which may change over time at VTel's discretion. See [www.vermontel.com/internet](http://www.vermontel.com/internet) for details. <sup>1</sup>\$89.95/month for months 13-24. Set-top box \$9.95/month; DVR upgrade \$24.95/month. <sup>2</sup>\$109.95 for months 13-24. \$125.95 beyond month 24. Price for base package only. Mini-Packs offered separately. DVR upgrade \$14.95/month. Additional boxes \$6.95/month. <sup>3</sup>\$159.95 for months 13-24. DVR upgrade \$9.95/month. Additional Set-Top Boxes \$6.95/month. <sup>4</sup>\$219.95 for months 13-24. HD DVR Included. Additional Set-Top Boxes \$6.95/month.
